```
# My first R script  
  
# assigning group of values to var x  
x <- 1:50  
  
#plot var x  
plot(x)
```

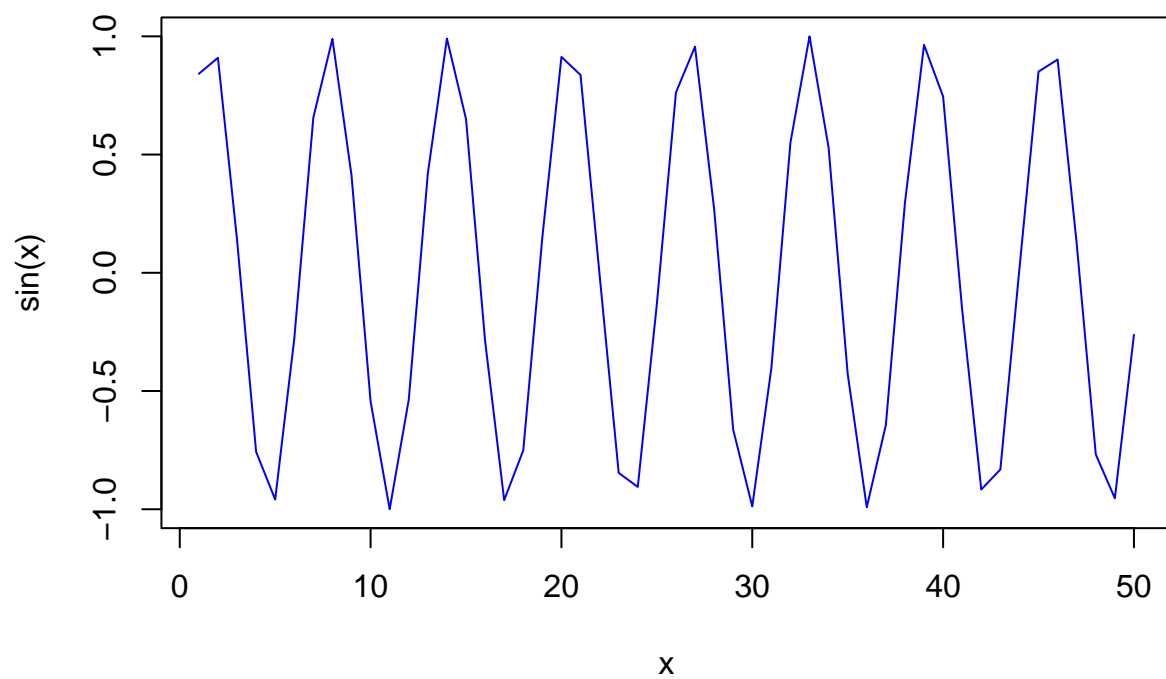

```
#plot with sin  
plot(x, sin(x))
```

```
#plot with sin with linear type  
plot(x,sin(x), typ = "l")
```

```
#plot with sin in blue color  
plot(x,sin(x), typ = "l", col = " blue")
```

```
#plot with sin  
plot(x,sin(x), typ = "l", col = " blue", lwd =3)
```
